

Adams Machinery Career Opportunity

CNC Field Service Engineer Position

Adams Machinery – Now Hiring!

We are looking for a skilled CNC Field Service Engineer to join our team! This position requires a highly motivated individual to provide installation, maintenance, repairs, and technical support to our customers in Arizona, New Mexico, and Nogales, Mexico.

Job Responsibilities:

Provide on-site and remote technical support for CNC machinery, including diagnostics, repairs, and troubleshooting.

Install, maintain, and repair mechanical, electrical, hydraulic, and pneumatic systems.

Assist customers with machine setup, operation, and problem resolution to ensure a positive experience.

Read and interpret technical manuals, schematics, and troubleshooting guides for various manufacturers.

Work with Fanuc and Mitsubishi controls and assist with CNC equipment setup, including DN Solutions, Citizen, and other machines.

Document service activities and provide written installation, maintenance, and repair reports.

Collaborate with customers, manufacturers, and internal teams to ensure high-quality service.

Qualifications:

Education:

High School diploma required

Vocational Certification or a Technical degree preferred

Experience & Skills:

3-4+ years in the machine tool field

Strong knowledge of electrical, mechanical, hydraulic, and pneumatic systems

Proficiency in MS Office tools and general computer skills

Ability to troubleshoot and problem-solve CNC and PLC systems

Experience with fabrication, grinding, and machine operation is a plus

Excellent communication and customer service skills

Location & Travel:

Primary service area: Phoenix, Arizona

Travel required to Prescott, Tucson, New Mexico and Nogales, Mexico (some overnight travel)

Benefits & Perks:

Company vehicle, laptop, and essential tools provided

Training opportunities with manufacturers to support professional growth

Competitive salary & benefits package, including:

Health, dental, and vision insurance

Paid vacation, holidays, and sick time

Must have a valid driver's license and pass a background check to support DOE, DOD, and ITAR customers.

Join Our Team!

If you're a skilled CNC technician looking for a rewarding opportunity with a reputable company, we'd love to hear from you!
